

## **Making a Difference**

- Safety for our WIN Waste Innovations team members & our communities is priority one.
- The safe, timely, and sustainable collection and disposal of solid waste is an essential function that supports the health and welfare of the communities we serve. The well-being of our employees and the customers and communities we serve is our highest priority.
- We are proud of our industry-leading safety programs and understand that the cornerstone of our success has been our strong commitment to safety.
- All of our locations and vehicles are operated in keeping with industry-leading safety standards and training. By developing proactive safety management plans and training for our employees and contractors, WIN Waste Innovations maintains a strong safety culture focused on continuous improvement.

## **Culture of Accountability**

- At WIN Waste Innovations, we believe working safely and maintaining a safe and healthy workplace is a responsibility we all must share. Through our Safety On Purpose program, we encourage all employees to play an active role in promoting and maintaining a culture of excellence so every team member returns home safely, every day. Safety On Purpose encourages us to acknowledge positive safety actions that employees take in contributing to a safer workplace.
- We strive to be recognized as the leader in our industry. In doing so, our level of safety performance is regarded as a fundamental measurement of our success.

## **Healthier Communities**

- Our dedication to acting in the best interests of our communities and our planet is deeply rooted in all who have come together to form WIN Waste Innovations.
- We're proud to do our part to preserve habitats, promote sustainability and engage community volunteers and employees in protecting the planet.
- And through safe and responsible waste disposal and clean, renewable energy production that powers homes and communities, we strive each day to make a difference in the lives of those around us.

**PERFORMANCE FOR THE PLANET**
